RESOLUTION

Designating the week of February 14–18, 2000, as “National Heart Failure Awareness Week”.

Whereas the primary goals of “National Heart Failure Awareness Week” are—

- (1) to promote research related to all aspects of heart failure and provide a forum for presentation of that research;

(2) to educate heart failure caregivers and patients through programs, publications, and other media allowing for more effective treatment and diagnosis of heart failure; and

(3) to enhance the quality and duration of life for those with heart failure;

Whereas heart failure, a disease of the heart muscle, is of epidemic proportions in the United States;

Whereas as of January 1, 2000, approximately 4,600,000 Americans had been diagnosed with congestive heart failure, and an estimated 450,000 more cases will be diagnosed in the year 2000;

Whereas coronary artery disease is a cause in approximately 50 percent of the cases of patients with heart failure, and in such cases, patients often have heart attacks or require bypass surgery;

Whereas the incidence of heart failure increases with age and is the most frequent cause of hospitalization for individuals over the age of 65;

Whereas the prognosis for those diagnosed with heart failure is not promising, as less than 50 percent of patients live more than 5 years after their initial diagnosis; and

Whereas it is vital that the American public become aware of the enormous impact of heart failure, and be better educated regarding the signs and symptoms of the disease: Now, therefore, be it

1 *Resolved*, That the Senate—

2 (1) in recognition of all the individuals who

3 have devoted time and energy toward increasing

1 public awareness and education on heart failure,
2 designates the week of February 14–18, 2000, as
3 “National Heart Failure Awareness Week”; and

4 (2) requests that the President issue a procla-
5 mation calling on the people of the United States to
6 observe the week with appropriate ceremonies and
7 activities.
